

## TO AKRON

### Will Headquarters be Moved.

### The Chicago Short Line Company

### And R. & M. Will Occupy Same Rooms.

### The Akron-Youngstown Route Selected.

### Road Will be Built at a Cost of \$2,450,000.

Shortly after next Monday, headquarters for both the Chicago Short Line and Richland & Mahoning Railway Companies will be established in Akron, in the rooms now occupied by the R. & M., in the Walsh block. The headquarters for the Chicago Short-Line company, which is the parent of the R. & M., has been at Mansfield, and the transfer from that city to Akron will be authorized at the annual meeting of directors of both companies to be held at Mansfield, Monday, July 15.

**LINE FINALLY LOCATED.**  
Chief Engineer Hurd and staff, of the R. & M., have this week completed the survey and location of the Northern Division of the R. & M. from Akron to Youngstown. Seven different lines were surveyed between this city and Youngstown, before a route satisfactory to the company could be obtained. More than three months were required in making the surveys.

**PRESIDENT FRENCH TALKS.**  
Speaking of the route, and the proposed line to Youngstown, President C. W. French, of the R. & M., who is here from Mansfield, said to a Democrat reporter Thursday morning: "The route covers a distance of but a small fraction over 50 miles. It leaves Akron from the Northern Ohio tracks on Main st., and extends in almost a straight line to the Lake Shore depot in Youngstown. It was one stretch of track without a single curve in it for 15 miles, and the maximum curva-

ture of the line is only one degree. The maximum grade is not more than 26 feet to the mile, excepting one grade just east of Akron, which is 30 feet to the mile.

**WILL COST \$2,450,000.**  
"The line will be one of the best that can be built. The only timber in it will be the ties, all other material being iron and stone. To build the line as we have planned will require the expenditure of \$2,450,000. Excepting the Lake Shore line, this will be the best road in Northern Ohio."

## FIGHT IS ON

### Between Railway Magnates.

### All Want a Route Between Akron and Cleveland.

A fight is on to determine which group of suburban railway magnates shall control a desirable electric railway line. The line in question will ultimately run through the Cuyahoga Valley to Akron, says the Cleveland Leader. The Cleveland Terminal & Valley Railroad tracks will be paralleled, and it is anticipated by one group of projectors that the A. B. & C. line will feel the competition. Attorney T. L. Childs appeared before the County Commissioners yesterday morning in the interest of a franchise he is seeking. He said the line he wanted would run through Brecksville, and end at Akron. The new line would be called the Cleveland, Richfield & Akron Railway.

Attorney Childs had hardly stated his reasons for desiring a franchise when a party of men headed by Daniel Gindelsperger put in an appearance, and asked for a franchise over the same route. S. P. Inman, Newton Colson, D. W. Jones, and F. W. Green were the signers with Mr. Gindelsperger to the second application.

Commissioner Astling said the franchise would be given to the man making the best offer. He also said that everything would have to be fair and above board, and that the real individuals seeking the franchise would have to make themselves known.

It is claimed that the Everett-Moore syndicate is represented in the effort to secure a franchise. Attorney Childs said that if it became necessary he would purchase a private right of way for the entire distance from Cleveland to Akron.

Those famous little pills, DeWitt's Little Early Risers, compel your liver and bowels to do their duty, thus giving you pure, rich blood to recuperate your body. Are easy to take. Never gripe.

## TO CAMP.

### Eighth's Boys Got Away Early.

### Now In Camp Geo. K. Nash.

### The Routine of Duties to be Performed.

### Lieut. Col. Weybrecht Is In Command.

Early Thursday morning Companies B and F, and the Eighth Regiment band left the Union station for Camp Geo. K. Nash at Bay View park Toledo. The boys were ordered to assemble at 4:30 a. m., and were up before daylight. It was scarcely more than sunrise when the train drew out. Camp will be reached in time for dinner. Four days' camp pay has been signed over by the guards to defray the railroad expenses of the trip to Buffalo next week.

The following routine of duties will be observed by the regiment while in camp:

First call, reveille, 5:15 a. m.  
Reveille, followed by assembly, 5:30 a. m.

Call to quarters 10:30 p. m.  
Taps, 10:45 p. m.  
Company and surgeon's morning reports must be delivered at the regimental adjutant's quarters by 7:30 a. m.

On Sunday, August 12, divine services will be conducted by the chaplain at 2:30 p. m. Drills and schools will be omitted on that date.

Lieut. Col. C. C. Weybrecht will be in charge of the regiment during this camp, as Col. Edward Voltrath is on a 60 days' leave of absence.

DeWitt's Witch Hazel Salve should be promptly applied to cuts, burns and scalds. It soothes and quickly heals the injured part. There are worthless counterfeits, be sure to get DeWitt's.

### Another Damage Case.

H. W. Cutting, injured in the collision at the foot of North Hill, May 5, has sued the Northern Ohio Traction Co. for \$20,000.

It is easier to keep well than get cured. DeWitt's Little Early Risers taken now and then, will always keep your bowels in perfect order. They never gripe but promote an easy, gentle action.

Her husband was killed four years ago yesterday in a street car accident in Michigan.

## LIKE GOOD BROTHERS RIVALS ARE WORKING.

### People's and Central Union Telephone Companies Will Fix Wires So a House May be Moved Under Them.

For once, the People's and Central Union Telephone companies are working in harmony, with the N. O. T. Co. included as a medium. The occasion for this union of forces is the difficulty encountered from the moving of the house purchased by Mrs. Hannah Edwards of Mr. John Gross from the south-east corner of High and Exchange sts., to the corner of High st. and Buchtel ave.

The wires of the companies are in the way, being more than five feet lower than the roof of the house, and it looks as if it would be necessary to cut them. This will cause considerable expense and crippling of service for several hours, and the telephone companies asked that Mrs. Edwards give them each a check for \$150 to guarantee payment of actual expenses. The matter was brought before the Board of City Commissioners Wednesday, as stated in the Democrat, by Mrs. Edwards' attorney to find out whether the Board's permission to move the house

did not include authority to the moving contractor to remove all obstacles. When the Board decided to have nothing to do with the matter, an agreement was reached between the companies and Mrs. Edwards, she accepting their terms calling on her to deposit a check for \$150 with each of the telephone companies. As a result, the first attempt to raise the wires will be made Thursday night. It is hoped by the companies that the wires may be stretched and raised, thus obviating the necessity of cutting them. If they are cut it will throw more than 100 phones of each company out of service for 48 hours. The plan of moving the house across the street at night is that the street car service may not be interfered with.

### John Souers Says He Needs No Guard.

Poor old John Souers takes it very much to heart that Officer S. M. Taylor is set to watch him as he labors on the streets.

"Why, I could run away anyhow, if I had a mind to," he said Wednesday. "But I don't want to run away, and Mr. Taylor can go about other business. He doesn't need to watch me. I'll work out my time, and every noon and night show up at the City

## GLAD He Had Known Them All.

### Officials and Employees of N. O. T. Co.

### Banquet and Toast L. E. Beilstein.

### He Was Also Given a Large Diamond Stud.

Local officers and employees of the N. O. T. Co. on Wednesday night gave to Mr. L. E. Beilstein, who has been transferred from the management of the N. O. T. lines to the general superintendency of the Toledo lines, a substantial demonstration of his popularity with associates and employees during the two years or more that he was here.

It is only fair to Mr. Beilstein, his associates and employees of the company, to say that the relations between him and them have always been pleasant and mutually profitable. During Mr. Beilstein's administration there were no conflicts between the company and its employees. He was reasonable in all questions discussed for the betterment of conditions among employees, and charitable in considering faults.

When it was learned that he was coming to Akron Wednesday evening, employees of the company and Mr. Beilstein's associates at the office began arranging for a reception and suitable expression of their kindly feeling toward him.

The office employees and local officials decided to give a banquet in Mr. Beilstein's honor, at the Buchtel hotel, and the employees of the lines and shops decided to give him a present.

The banquet was held at 7 o'clock and was attended by Mr. L. E. Beilstein, Misses Mollie Lee, Minnie Rhodes and Collette Stenger, Mr. and Mrs. Chas. Currie and Messrs. C. F. Moore, H. E. Dalton, E. D. Eckrood, T. W. Shelton, Geo. W. McKisson, K. L. Johnson, Chas. H. Lahr, Harry A. Hawn, Joseph S. Young, Geo. B. Thomas, John C. Reed, C. R. Chandler, A. C. Naher, Arthur Cherry and Walter Altland. Before leaving the table, Mr. Beilstein thanked his friends for their kindly reception, and Mr. Moore

replied that the affair was only an attempt to show the guest of honor how he was appreciated and to convey to him that none other than the very best wishes of his office associates followed him to his new location.

After the banquet, the party went to a reception room on the fifth floor of the Hamilton building, where a large crowd of the line and shop employees had gathered. When Mr. Beilstein entered the room, Mr. W. H. Miller made a short speech expressing the esteem in which the retiring manager is held by the employees of the company, and their gratitude for what he has done for them. His remarks were concluded with the presentation of a diamond stud, which Mr. Beilstein was asked to accept as a token of the respect held for him by all the employees. Mr. Beilstein replied briefly, thanking his friends for their recognition of what he had tried to do in their best interests.

## A Bob-Tailed Dog--

### It Caused a Heap of Trouble on Canal St.

A bob-tailed dog came near causing a murder on North Howard st., early Saturday evening. If Christ W. Riley, the blacksmith, had been in his shop when Mrs. Kate Halt, a muscular colored woman called to see him, there would have been war. The trouble was aired in Police court Thursday and Mrs. Halt told the court that if she had found Riley either he or herself "would have been lying on the cooling board mighty shortly."

Riley's boys had the bob-tailed dog. Some other boys took it away from them and it was alleged that George Halt, the 8-year-old son of the complaining witness was the guilty one. The boys fought and sometime afterward Riley heard that his son had been assaulted by the Halt boy.

"I went out to tell him that we don't allow niggers to do those things in this

country," Mr. Riley informed the court, and admitted that he caught the lad and shook him.

"Uncle" Frank Mitchell, aged 108, was a principal witness for the prosecution and the whole case looked to the spectators like a joke.

Attorney Chas. Motz urged the court to dismiss the action, but Prosecutor C. C. Benner objected.

"No man or no body of men can be justified in taking the law into their own hands," His Honor said. "If everybody should set out to redress his own grievances we would have a state of anarchy. On the other hand there was great provocation in the case and I'll impose a fine of the costs only."

Mr. Riley thereupon caused a warrant to be issued for the arrest of the Halt boy, charging him with assault and battery on his son.

## Tried to Play the Ajax Act, And For His Temerity Is Dead.

Critchfield, Md., July 11.—(Spl.)—This quiet locality can now boast of a modern Ajax. One of her residents has publicly and ostentatiously defied the lightning—but unlike the stalwart hero of the Trojan wars, has suffered for his temerity.

While a thunder storm prevailed yesterday Phillip Walls, a farmer, in-

dulged in strong drink. He then procured a lightning rod and attaching it to his head, sallied forth saying that he desired of all things to be struck by lightning. To the consternation of his family and friends, he wandered about a field, calling aloud for the lightning to strike him if it could. It could and did. A bolt struck the rod, descended to Walls' head and killed him instantly.

## The Old Main Street

### House to Undergo a Change.

The Main Street House is empty, and the police are glad. It has figured to more than one sensational case and many a time in the lonely watches of the night the guardians of the sleeping city have had occasion to keep a sharp eye in its direction. More bad

men have lodged there than any proprietor of the place has known of. Mrs. Ellen Fessler, the owner of the property has secured possession of it through an abandonment of a lease held by others, and will remodel and to a very considerable degree purify the place.
